Equipment & Costs (exc. VAT)

£42 per sample returned for analysis

Please indicate the number of new traps you require and the numbers of pots and prepaid envelopes you require for returning samples (two pots fit in each envelope if sampling multiple sites). A monitoring protocol will be provided when the equipment is sent out to you or please contact us for further information.

Number of yellow water traps required @ £30 per trap
<input type="text"/>

Number of prepaid envelopes required @ £2.85 each
<input type="text"/>

Please note: **Three traps are required per field**, traps are reusable for several years (pool all three samples into one sample pot, you will only be charged for processing one sample). Prepaid envelopes are for sending in samples. One prepaid envelope is required per field per week (two pots will fit in each if sampling multiple sites).

Number of sample pots required
<input type="text"/>

Sample pots are supplied by Fera. These remain the property of Fera and are to be returned at the end of the season if unused. Please return samples **as soon as collected** to minimise decomposition - decomposing insects are **unidentifiable**.

Postage for sending out equipment will be invoiced at actual cost to us.
